PIZZA

All of our pizzas are made 'Napoletana' style, using naturally leavened dough that we prepare and age in-house to our own unique recipe. Each pizza is hand-made to order by one of our expert pizzaioli and baked in our magnificent pizza oven at the heart of the restaurant.

Unlike the pizzas you might be used to, these are **less firm** and so are traditionally eaten by tearing a piece by hand and folding to keep the toppings on. The crust and base sometimes appears **charred** in places, but rest assured that this is fully intentional, forming an essential part of the distinct flavour profile of stone-baked Neapolitan style pizza that we are so very proud to share at Santi.
